

Remarks

Applicant respectfully requests reconsideration of this application. Claims 55 has been amended to correct a minor informality in the claim as allowed. The claim amendment changes "source diffusion region" to "source region". Claim 55 depends from claim 50, which previously was amended to change "source diffusion region" to "source region". The amendment is therefore needed to provide correct antecedent basis in the claim.

Please charge any shortages and credit any overcharges to our Deposit Account No. 50-2060.

Respectfully submitted,
BURGESS & BEREZNAK, LLP
